

Suicide Is Preventable

#TNWontBeSilent

#TNWontBeSilent

IN OUR GREAT STATE OF TENNESSEE

- ⊗ Each day, we lose 3 individuals to suicide
- ⊗ In 2017, we lost 127 more lives to suicide than motor vehicle accidents
- ⊗ Suicide is the 3rd leading cause of death for youth ages 10-18
- ⊗ Across ages 10-65, suicide is the 5th leading cause of death

#TNWontBeSilent is an awareness initiative comprised of Collaborative Partners led by The Jason Foundation. This campaign is our push to reach a majority of citizens in Tennessee with the positive message that suicide is preventable and enable Tennesseans to reach out for help for their loved ones and friends. Ultimately, as more people reach out for help, and more resources are available, we should begin to see a reduction in the rates of suicide in Tennessee.

For more information on the problem of suicide within Tennessee, warning signs associated with suicide, and how you can become involved with #TNWontBeSilent, visit the website. Also, share how you are helping to spread awareness and the message of hope.
